

Premier Keypads

The range of compatible LED or LCD keypads is used to programme all required features, enabling the set-up of even complex systems quickly & efficiently.

LED Keypads

RKP4/8/16
4, 8 & 16 zone LED remote keypads.

RKP8Plus/16Plus
8 & 16 zone LED remote keypads incorporating 2 EOL zones.

LCD Keypads

LCD/LCDP
Remote keypads with standard 32 character LCD display. Incorporates 2 DP or EOL zones & 1 programmable output. LCDP features built-in proximity tag reader.

LCDL/LCDLP
All the features of the LCD/LCDP plus large 32 character LCD & a speaker driver output for programmable volume control. LCDLP features built-in proximity tag reader.

Flush Mount Keypads

Polished Chrome
Polished chrome flush mount versions of the LCD/LCDP/LCDL/LCDLP available.

Satin Chrome
Satin chrome mount versions of the LCD/LCDP/LCDL/LCDLP available.

Polished Brass
Polished brass flush mount versions of the LCD/LCDP/LCDL/LCDLP available.

Polymer
Polymer flush mount versions of the LCD/LCDP/LCDL/LCDLP available.

Proximity Tag
Proximity tag for use with LCDP & LCDLP remote keypads.

Premier Communicator Modules

The range of compatible expander modules allows modular system design, ensuring maximum flexibility & future-proof installations.

Premier 8X
Remote Zone Expander providing an additional 8 programmable EOL zones, 2 programmable outputs plus speaker driver with programmable volume control.

Premier 8XE
Local plug-on 8 Zone Expander provides an additional 8 programmable EOL zones.

Premier RM8
Relay Module providing an additional 8 relay switch options.

Premier 6oiXD
Expansion module providing two ID[†] loops each supporting 3oiXD[†] biscuits.
[†] ID is a trademark of Novar Systems Ltd.

Additional Communicator Devices

Premier ComIP
Allows connection of any Premier control panel to a Local or Wide Area Network (LAN/WAN). This allows alarms to be signalled over an IP network to an alarm receiving centre via Texecom's Montex Software.

Premier Speech Module
The Speech Module provides two recordable 12 second audio messages. Each message is assigned to an alarm channel, which in turn can be triggered from one of the many output functions of the control panel.

Premier Software & Peripherals

Wintex Software

Texecom’s user-friendly Windows™ based software provides complete upload/download & systems diagnostics for total control & flexibility. Windows is a registered trademark of Microsoft Corporation

Montex Software

Software based alarm receiver interface for connecting with Premier ComIP alarm signalling equipment. Supports fast format, contact ID & SIA communication protocols. Manages received polling information for each monitored site.

Texbase Software

Alarm management software package for use in conjunction with the Premier Com IP & Montex Software. Allows installers to individually monitor their installed security systems for specific alarm signals.

Key-Fob Programmer

The Key-fob Programmer allows configuration data to be copied from one control panel to another. This allows for customised default settings, reducing programming time & simplifying set-up of multiple installations.

Premier International Series
Grade 2 Communicating Control Panels

Designed primarily for the international marketplace, the Premier International Series is a powerful range of communicating control panels. Modular expandable design enables simplification of complex requirements, allowing maximum flexibility & ease of operation. Each feature and function is fully customisable delivering outstanding design flexibility & exceptional performance. The same intuitive programming platform & peripheral devices ensure instant product familiarity across the range.
